The Spirit Fitness XE895 has the flexibility to allow users to simulate the full body motion of a walk, jog, or run. The electronically adjustable stride length (18"-24" in .5" increments) and narrow pedal spacing ensure an ideal stride motion, while the oversized/cushioned foot pedals and multi-position hand grips deliver maximum comfort for users of all sizes and fitness levels. The XE895 features premium components including large sealed roller bearings used with the pedal arms and handlebars, dual roller wheels, and aluminum tracks to ensure a smooth and reliable workout.

XE895 ELLIPTICAL

- 7.5" bright blue backlit LCD screen with separate Muscle Activation Profile and HR % Profile LED displays
- Remote Handlebar Toggles for both resistance and stride allow for secure workout changes without taking your hands off the handlebars
- Dual track system with concave roller wheels for added stability and durability
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter not included)
- Adjustable cooling fan and dual speakers with audio jack for comfort and entertainment
- Bluetooth compatible with SPIRIT FIT App to monitor and record your workout data

CONSOLE

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: adjustable console angle, muscle and heart rate LED profiles, tablet friendly reading rack, adjustable cooling fan, and integrated speakers with audio jack to keep you encouraged to workout longer.
