

XG400

E-GLIDE

The XG400 features our patented direct drive technology and a heavy thirty pound flywheel to create a fluid and friction free motion unlike any elliptical trainer on the market. The XG400 is smooth even at high stride rates, making it the perfect product for sprint training or interval training. Whether you are looking to improve athletic performance or general conditioning, this trainer will help you achieve your goals.

XG400 E-GLIDE

- 7.5" bright blue backlit LCD screen with separate Muscle Activation Profile and HR % Profile LED displays
- Remote Handlebar Toggles for resistance allow for secure workout changes without taking your hands off the handlebars
- Dual track system with concave roller wheels for added stability and durability
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter not included)
- Adjustable cooling fan and dual speakers with audio jack for comfort and entertainment
- Bluetooth compatible with SPIRIT FIT App to monitor and record your workout data

CONSOLE

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: adjustable console angle, muscle and heart rate LED profiles, tablet friendly reading rack, adjustable cooling fan, and integrated speakers with audio jack to keep you encouraged to workout longer.
